Mighty Efficient

Don't compromise processing power for energy efficiency. Requiring as little as 7.5 W, the TM100 lets you do more with less.

No Vents, No Fans, No Worries

Your application demands more than a plastic case. The TM100's high-performance fanless and ventless aluminum chassis keeps components cool while keeping dust out.

Built for a Connected World

Engineered for demanding commercial use, the I/O on the TM100 lets you connect the devices and peripherals you need. The TM100 features an HDMI dual independent display.
